THINGS TO CONSIDER BEFORE YOU BEGIN YOUR INSTALLATION

Your new blind is custom made to your specifications from the finest fabrics available. The installation should be easy and your blind will look elegant.
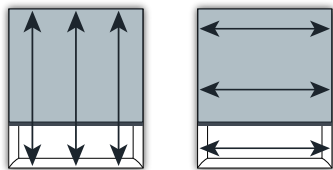

MOUNTING OPTIONS:

Inside mount (IB):
The Blind is mounted inside to the top of the window frame.

Outside mount (OB):
The Blind is mounted either on or outside the window frame.

Mounting NOTES:

Mounting screws provided are suitable for most mounting surfaces. See below for additional suggestions.

- For wallboard or plaster: Use hollow wall anchors for added support. (not included)
- For concrete, stone, brick or tile: Use an appropriate drill and appropriate anchors before fastening the screws. (not included)
- For metal surfaces: Pre-drill holes and use appropriate anchors before fastening the screws. (not included)

CLEANING YOUR BLIND:

Lightly wipe with a damp cloth or dust for regular maintenance.

NOTE:

The Warning labels on the bottom-rails of corded window coverings contain important safety information. These warning labels are designed to be permanent, in accordance with the industry's safety standards, and must not be removed.
